	Hitch Kit (15L) and dealer-installed Ford custom accessories 5th Wheel Hitch Kit by Reese - part #BC3Z-19D520-A is not released to the short box (6.75ft box).NOTE: the short pickup box provides less clearance between the cab and 5th wheel trailer compared to long box pickups. The receiver centerline of the hitch should be mounted at least 2"forward from the rear-axle of the truck chassis. When selecting a trailer and tow vehicle, it's critical that this combination provide clearance between the cab and tow vehicle for turns up to andincluding 90 degrees. Failure to follow this recommendation could result in the trailer contacting thecab of the tow vehicle during tight turns. Gooseneck hitch compatibility: the 5th Wheel/Gooseneck Prep Package (53W) is compatible only with the factory orderable Gooseneck Hitch Kit (15J) ordealer-installed Ford customer accessories Gooseneck Hitch by Reese - part #BC3Z-19F503-A (8ftbox and 6.75 ft box).
